

Are You and Your Team

- Being all you can really, really be?
- Doing what you really, really want to do?
- Achieving all you really, really want to achieve?

Or is someone or something stopping you, your relationships, your team, or your company from achieving this?

Planet Earth: Playing Field for The Games of Life

Y.O.U.

The word Y.O.U. is the acronym for Your Own Universe.

YOUR OWN UNIVERSE:

The combination of You, as a spiritual being, your knowledge, your experience, your level of mastery, your level of integrity, your honor and your truths, your mind, your body. This is where all of your viewpoints on life emanate from. Your Own Universe is your position in life ... is what you basically are ... is who you basically are ... what drives you forward through time ... is what all your goals and actions are based on.

* * *

Prime YOU:

The Spiritual Being; the life force; the soul, the energizer.

* * *

YOUR SPIRITUAL POWERS:

A Spiritual Being has two basic abilities:

1. The ability to INTEND and CREATE.
2. The ability to PERCEIVE.

From these two basic abilities stem many levels of power; the most natural contain the highest quality of PRESENCE - LOVE - TRUTH - PERMEATION - HONOR - CODES - DECENCY - KINDNESS - COMPASSION - KNOWLEDGE - RESPONSIBILITY - CONTROL - INTEGRITY - MASTERY and FRIENDLINESS.

SPIRITUALLY POWERFUL AND AWARE BEINGS HAVE THE POTENTIAL FOR:

INFINITE POWER

INFINITE AWARENESS

INFINITE CLEVERNESS

INFINITE SKILLS

INFINITE KNOWLEDGE

INFINITE INTELLIGENCE

INFINITE ABILITIES

**Is what is stopping you the fact that
YOU have been Split Apart
by the two-edged sword of
Ascension/Abuse Addiction?**

**Winning Identity
False Positive You
Addicted to domination / Victimizing**

**Losing Identity
Negative You
Addicted to Abuse Victim**

WHAT THE STUDY OF THOUSANDS OF SUCCESS RELUCTANT CASES UNCOVERED

This study uncovered the following startling fact, what all these cases had in common was the same destructive problem: They were all victims of ABUSE.

The subject of ABUSE has stayed hidden and unhandled on ALL cases because the definition of ABUSE is wrongly defined in all dictionaries, which describe the *effects of Abuse*, not *what ABUSE is*.

ABUSE: 1. The action of you or someone needing or wanting something and not getting that something you or someone needs or wants. 2. The action of you or someone not needing or wanting something and getting that something you or someone did not need or want. - Alan C. Walter

The opposite of ABUSE is PLEASURE, which is also poorly defined in the dictionary.

PLEASURE: 1. The feeling of fulfillment or sensation of gratification experienced when you or someone needs or wants something and you or someone gets exactly what was needed or wanted, when it was needed or wanted. 2. The feeling of fulfillment or sensation of gratification experienced when you or someone does not need or want something and you or someone does not get what was not needed or wanted.

- Alan C. Walter

Do You Have Any of The Following Ascension/Abuse Addiction Symptoms?

A yes to any one of these symptoms means you have an area of abuse addiction.

No Time	No Decisions
No Space	No Vision
No Interest	No Long Term Worthwhile Future Dreams
No Money	No Worthwhile Relationships
No Energy	No Happiness
No Motion	No Success
No Products	No Presence

These are all unwanted effect conditions that lead to a humorless, failing, needy, and unhappy life.

Even more destructive, they cause the person to have obsessive compulsive attraction to others with the same ABUSIVE conditions: **Birds of a feather flock together syndrome.**

ASCENSION STATES, EMPOWERMENT AND TRANSFORMATION PROCEDURES CAN BE HAZARDOUS TO YOUR LONG-TERM WELL-BEING.

- ◆ *Have you ever wondered why most people cannot keep their Optimum Ascension States?*
- ◆ *Is there something blocking your road out?*
- ◆ *Is there a “hidden addiction” causing you to lose your spiritual abilities?*

What happens in nearly every ascension experience:

- a person ascends into higher states but does not fully understand what is happening
- by investigating what happened, what to do, how to operate, etc. he or she often comes up with wrong or partially wrong conclusions
- these conclusions produce unwanted and abusive results
- charge accumulates all around!

“The basic reason a being has a case at all is that when they were faced with “Accumulated Energy or Charge in an area” the being could not handle the Accumulated Energy or Charge and this created a problem or situation.

Wrong answers are wrong conclusions to a perception.

The more ascensions, the more incorrect answers or reactivation of past incorrect answers. As a result, more charge builds up.

Eventually, because of all this charge, a person can no longer access their ascensions.

THE OPTIMUM ASCENSION BEINGNESS PROCEDURE

We accurately find, unlock and strip away the charge that has built up on these ascensions, self-investigations, incorrect answers, and the resulting unwanted ways of being, doing and having.

We can correct the destructive self-investigations and help find the correct answers.

We help you replace the incorrect intentions, visions, identities, and implementations with optimum intentions, visions, beingnesses, implementations and wanted results.

You recover your ability to produce and HAVE your wanted results.

All our clients who have had the OPTIMUM ASCENSION BEINGNESS PROCEDURE have produced huge increases in the amount and quality of relationships, love, connections, awarenesses, certainty, harmony, contacts, clients, living spaces, investments, income, places to go, games to play, and lives to live.

HOW WE MEASURE AND PROFILE HIDDEN FUTURE TELEPATHIC ABILITIES AND PSYCHIC POWERS

The living of a successful, prosperous and happy life is part of everyone's dreams and aspirations. Therefore, it is vital that you find out exactly what images and expected manifestations you are telepathically projecting into the future.

The future is made, it doesn't just happen. How it is made, what level of success, how much prosperity, whether you will be happy or sad, rich or poor, have loving or hateful relationships, whether you win or lose, all depends on your telepathically projected images.

These profiles have been designed by locating those areas that create the most profound and powerful effects on future living on all people. Each column represents the essential empowerment, support or dissipation of telepathically projected images in a specific, vital life area. The levels of existence are the gradation of effectiveness and competence in making your telepathically projected images manifest.

The five telepathic awareness levels, known, positive, warring, negative, and unknown, are laid out in the Zones of telepathy.

The high Green Zone is represented by Empowerment, Expansion, Mastery, and Creation. These constitute the most powerful forms of telepathy, instantaneous transference of knowledge and imagery from one being or group of beings to another or others.

The low Green Zone is represented by Success Breakout, Abundance, and Power. These manifest into more solid forms of telepathically projected images and reality creations.

The Yellow Zone is presented by Establishment, Stability, Development, and Production. These sit in the physical universe and manifest the power it takes to get anything done. One is so involved in the day to day conflicts that it is difficult to impossible to take the time and effort to create upper level telepathic projections and images. The person stuck in this level is at constant war with the present time environment and people.

The high Red Zone is represented by Hostility, Immobility, and Destruction. The basically are hidden hate but known negative telepathic projections of demeaning, degrading, or destructive imagery delivered with lots of negative force and abuse. This imagery comes from past fixed realities that are being involuntarily replicated.

The low Red Zone is represented by Absence, Chaos, and Sabotage. These are being unknowingly replicated from past huge life upsets, abuses, disasters, and overwhelming losses and are chronically affecting and destroying any chance of happiness, success or prosperity.

The most important part of these profiles is that they can predict your position and potentiality for future failure or success in life. The simple fact of life is that you or others have already set in motion future events that will have profound effects on your location in life, your career, where you live, your earning power, who you will partner with and the quality of your relationships, your successes, your failures, and most important, your and your friend's future happiness.

THE VALUE OF LIFE ANALYSIS

What the Life Analysis gives you is a catalog of skills and capabilities that are often not fully acknowledged. Failure to fully own and utilize the full scope of your abilities restrains your psychic abilities and telepathic-projection power, thus you are much less effective.

Did you know you have already pre-established your future? Knowing what it is you are really telepathically-projecting can cause a tremendous upgrade in your ability to achieve what you really want.

The Life Analysis often uncovers hidden abilities and strengths that are not being utilized.

Many people are fighting, and thus restraining, their strengths, abilities and power without knowing it. Life Analysis can help you consolidate and utilize those strengths, abilities and power by showing you what is actually there.

I have seen clients cause tremendous upgrades in their life just by recognizing what the graph has revealed.

HISTORY OF THE LIFE ANALYSIS

This analysis is the result of over 30 years of training and consulting hundreds of thousands of people and tens of thousands of hours of research and observation.

This vast quantity of experience brought to view whole patterns of behavior. It revealed what was important and what was not important to achieve a successful, prosperous and happier life.

YOUR INPUT AND WHAT IT REPRESENTS

The Life Analysis is a profile of what you think of yourself. Each column covers twenty specialized questions. The way you answer creates a score. This gives us a specific set of your viewpoints on these vital personality traits.

This is not a test of how clever you are. It is a picture or profile of how you are utilizing your capabilities.

THE VALUE OF SKILLS ANALYSIS

Your career and life accomplishments are the focus of skills analysis.

The simple fact is it is possible to predict the future success or failure of any individual, family or group. The reason for this is that there are certain basic psychic and telepathic abilities that must be at or above the Level of Development on the Levels of Existence scale.

The further below the Level of Development, the bigger the potential for failure. The higher above the Level of Development, the greater the potential for success.

HISTORY OF SKILLS ANALYSIS

There are six basics that were discovered by the observation of common denominators from 10,000's of hours of consulting and training people in many international centers throughout the world. These six basics, communication, empathy, action, effectiveness, confidence and accomplishment, are always present, both physically and telepathically, in any interaction of people, places, subjects or things.

YOUR INPUT AND WHAT IT REPRESENTS

The Skills Analysis is a profile of your viewpoints and how you utilize or restrain your basic life skills. Each column covers twenty specific skill questions. The way you answer creates a score.

This gives us a specific set of guidelines as to your REAL life strengths or weaknesses. By capitalizing on your strengths, you can vastly improve your future. By knowing your weaknesses you can set about getting them handled step by step.

This is not a test of how clever you are. It is a picture or profile of what your basic life skills are so that you can unleash your potentials and have a more successful, prosperous and happy future.

Stories, Successes, and Wins From The Optimum Ascension Beingness Procedure

Well, I had my first session. I've been waiting a long time for this! 30 years this lifetime. I have always wanted something to touch me profoundly, blow me out totally, view the whole game from outside this universe....I had almost given up that anything could help me ever get to that state. It just happened and I'm trying to find the words that will communicate what has just happened. I don't usually write things like this. In fact, this is the first time. This is the first time anything like this has ever happened. Oh! I knew it could and I've tried just about every process out there...and, yes, some helped and I felt better and had wins; but NOTHING like this! If you are reading this and wondering if anything can touch you, the very deepest part of you...who you REALLY are....well, it's true, it can happen. The love I feel doesn't have words. You are just going to have to get this one telepathically. The beauty is in the simplicity of the process. Like all great truths...simple.

I will end off by saying again that this IS what I have been waiting for as a being. This hits me right where I live. I am so happy that I am here now in this place and can have this. My thanks to Kim and Eric for wonderful processing and to Alan for the life/being changing process. That was the best session I have ever had!

Love Kimmy

Dear Friends,

I've just had my first visit to "the ranch". I had no idea what to expect and after 7 days I have to say it was one of the most powerful weeks of my life.

My biggest win was freeing up a huge part of myself that was cautious, restrained and careful of what I said and more importantly hesitant of telling the truth because I feared certain consequences. I can now say with all honesty that the truth will set me free. This win allows me to truly be who I am. I had so much tied up in protecting myself and "keeping the peace" between people that I did so at a great loss to myself. This "knowing" has freed me up as well as my dreams and my vision. What else it does is it allows me to have real and deeper relationships with people because I can be myself and allow them to be who they are. Thank you ACLC!

* * *

FINDING THE EDGE OF MY UNIVERSE

By the time I leave ACLC's ranch, I will have spent a total of 7 days here. The wins have been many, profound, and life changing. Rather than attempt to list the wins, I would rather share with you, one of the most profound break throughs in my life.

Having spent nearly 30 years in the human potential and development movement, I have often heard people say, "I have unlimited powers." or "I am unlimited." In the realms of higher thought, I have tended to agree with such statements. The problem was that the people who said such things were often the most limited people I knew...myself include. Personally, I like to

think of myself as limitless...yet I knew that I had limits. My problem was, I did not know EXACTLY where those personal limit points were..that is until I did the CLEAN SLATE PROCESS on View Point, Dimension Point, and Anchor Point. The result is, my universe has expanded immensely, allowing me to regain powers that had been lost or tied up in pain. Knowing the exact Anchor Points has saved me countless hours trying to figure out what was wrong with me and why I was limiting myself.

I highly recommend doing or redoing the Clean Slate Process on the definitions of View Point, Dimension Points, and Anchor Points. Once I truly understood the differences between each point, I was able to gain greater control over my universe and with the assistance of the ACLC staff, how to keep expanding my universe rather than fighting it.

My thanks to the ACLC staff for their professionalism, fun, contribution to my life, and the world. Their technology is at the leading edge of the world.

Hi to Everyone,

This is my first posting and experience with Knowledgism and this type of processing. I have only been here for three and a half days, but have had many miraculous gains already. I must also tell you that although I was willing and fairly open to this, I was also very skeptical and maintaining a "prove it" attitude, all of which developed from too many techniques that made outrageous promises and failed to deliver on many of them.

I have released so many things in such a short time. Issues with my father that have plagued me my life for decades now seem like vague memories and have no more charge to them.

I also reconnected to my spiritual team, which lead to an ascension experience. That has helped me to regain so much of my power. I noticed an immediate shift in my friendliness and feeling of safety. I find myself talking to people I just met so easily and effortlessly, it surprised me afterwards. I used to feel angst about what to say for fear of saying something stupid; that thought doesn't even occur anymore. This is remarkable. I also noted that a knot I've had in my stomach for decades decreased about 80%.

I released an issue with an employee from my past that has been a part of my existence for about 6 years. It has lead to another ascension experience. I just keep getting bigger and bigger. This has allowed me to move forward with a career change that has been a 5 year struggle.

My future looks so much brighter. I have enrolled in the VF1-5 courses and plan on doing processing for a living within the next years time. I have been looking for a technology that really delivers on its promises ever since I entered the healing arts almost 20 years ago.

With great gratitude to Alan and the rest of the wonderful staff here at the Ranch,

Ray

Hello:

This is the night before I leave the Ranch for home (silver Spring, MD. it was a great experience being here in the course room at the Ranch with the other students, whether we doing the Vital fundamentals of Processing course or the Optimum Ascension being ness Procedure course. Thanks, Paul, Eric, Joel and Maureen. And a special round of thanks to the guy who sees the big pictures plus all the littler details needed to accomplish the vision of being optimum. Alan C. Walter.

This was also my last processing session with Maureen. We have covered some very heavy stuff including a Black Core Incident. in case you are aching to have a Black Core incident or two or three in your life handled, this is the place to be.

You nay find a little agony in this type of processing. Just for the fun of it, my own stuff was very horrendous, scary and sordid. With a supporting cast of virulent spiritual beings from other lifetimes where I had really hurt other people. The spiritual team mates of these people had a score to settle with mar. Some other even evil types.

We finally made peace with one another. The final result is maybe what I cam here for, to purge myself of this heavy black charge and to uncover my true beingness.

Let's see how a Loving Spiritual Beingness identity lights up the world. Maureen gave me a liitle homework. I hve come up weith the crazy idea of checking out whether some people I know have had ascension crashes. Should be of some use, don't you think?

Love,
Hillory

Today I had a REALLY good session with Paul on the Ascension Abuse processing. This is something I heartily recommend.

He was magnificent, putting up with all my abuse and running out an insidiously nasty identity.

Thank you Paul. And thanks to everybody here at the Ranch for providing an incredible and wonderful environment.

Hi Folks:

My husband and I are from Carmel, CA. We have been away from home since Feb. 1. It has been magical. We had planned a trip in January to Texas and OK to look a real estate as we are working on our wealth-building plan and for the past year and a half. We have been weary by the journey of locating a suitable property that would give us good "cash flow". We have looked at hundreds of properties and had 3 "almost" deals fall through and were feeling discouraged, especially after the last fall through deal in December. SOO this trip was going to be our last for a while. While doing our goals for 2003, we realized that we were not in alignment in some areas in our goals and we felt in conflict. SO we both realized, we might need to do some internal work now. We were doing all the right steps and gaining knowledge for our real estate investing, but we had not done any personal work on ourselves in awhile.

So we come to the Ranch on Feb 2, process for 3 days and then go to OK not knowing what if anything would open up for us. We were in OK From Wed to Sat. and in that time our team of Brokers rallied together and showed us properties, we found one we are excited about, made an offer on Friday. Then Sat had a meeting with a business broker, found a business to buy we are excited about and then returned to the ranch. While continue to process every day here, we were wheeling and dealing with these two new deals. The following week we got a counter offer on our apartment offer. We countered at \$5000 above our offer price and the seller accepted, ALL IN TWO DAYS!!! Then we put together an offer for the business we liked, met and interviewed the seller and within the next week we had an acceptance. Of course I have to tell you we had to extend our trip here of course. We originally had planned to leave on Feb 12 and decided to extend to the 18th, which is tomorrow. PERFECT! Lots of time for sessions. THIS HAS BEEN SOO AWESOME AND MAGICAL!!

So I wanted to share some of these wins with you all. I've been running out a lot of fear and we have both freed up so many life force particles, it is unbelievable. We are looking forward to seeing the changes in the "real world" when we get home. We still have due diligence to do and much more processing and clearing to do, yet I really feel we are well on our way.

Oh and lastly, but not least, I do want to acknowledge my spiritual teammates, many with whom I have made reconnection with and so has my husband!!! YEAH!! THANK YOU SPIRITUAL TEAM MATES!! WE could not have done this with out you assisting us and staying so loyal. I love you ALL!!

With Big LOVE and Great JOY,

Desiree Watson
